Commissioner for Patents

Washington, D.C. 20231

Sir:

Responsive to the Official Action of December 13, 2002,  
please amend the above-identified application as follows:

IN THE CLAIMS:

Amend claim 1 as follows:

A1  
- 1. (amended) A universal serial bus function  
evaluator connected between a computer and an universal serial  
bus function, said universal serial bus function evaluator  
comprising:

a token storage memory for storing a token transmitted  
from said computer;

a packet type judging circuit for judging a type of a  
return data packet returned from said universal serial bus  
function; and

a functional circuit connected to said token storage  
memory for fetching IN token from said token storage memory and
